World Children's Day

Wednesday 18th November 2020

World Children's Day is UNICEF's annual day of action for children, by children.

This year, the COVID-19 crisis has resulted in a child rights crisis. The costs of the pandemic for children are immediate and, if unaddressed, may last a lifetime.

It's time for generations to come together to reimagine the type of world we want to create.

On 18th November, kids will reimagine a better world. What are we going to do? We are turning nursery BLUE.

Send your child to nursery wearing something BLUE

There will be BLUE activities.

As one of the six point plans to protect children we will be fund raising to support countries abroad with cleaner environment.

Children will be learning all about climate change and looking after the planet, we will have lots of fun activities for children to join in with.

Money raised will go to the charity **WasteAid UK,** who support families in poorer countries to learn how to reduce the negative impact of waste, create jobs, improve health and protect the local and global environment.

Please help support by making donations to this very important charity that helps children abroad to live in a safe environment.

For more information, go to: https://www.unicef.org/world-childrens-day#future

Thank you for your support.
