**Step 1**: Log into Tapestry using the web browser version through our login page at <u>https://tapestryjournal.com/</u>.

Step 2: Click on your username at the top right of the screen and select 'Downloads' from the drop down list.

**Step 3**: On the Downloads page you should see all downloads you have available. Click the 'Download' button to download your PDF copy of the journal or ZIP file of the media.

Make sure you save your files somewhere safe and if possible save it to permanent storage off your PC (such as a CD or external hard drive), marking it so you will be able to find it in the future. Remember, Tapestry records will usually be deleted once your child has left!

You can print off a copies of the PDF journal and the pictures if you like. If you don't have a printer (or access to one you frequently use), you could try your local library, print shop, or look online - although we don't recommend any specific company, there are quite a few out there who will professionally print and bind documents and pictures.
