

On **Wednesday 3rd March 2021** we will be celebrating **World Book Day** at nursery. It would be wonderful if your child could dress up as a character from her/ his favourite story book. We will be collecting donations that will support the UK charity 'Books2Africa', who are committed to reducing environmental waste in the UK and improving the quality of education in Africa, through the collection and distribution of books.

Nursery will be themed using some of our favourite story books, with our teachers also dressing up as characters and providing a variety of exciting activities to explore.

Below you will find the following books that we have chosen for this purpose. Please share these books with your children at home, this will help them to gain the most out of our World Book Day experience.

Thank you for your support!
